Probably one of the most beautiful authentic Palatial Townhouses to be found in this quiet and sought after Maltese Village, rich in history and heritage alike. This unique residence still retains an abundance of old architectural features such as wide facade with separate entrances, high ceilings, imposing staircase and a wide welcoming entrance hallway leading onto two grands rooms on either side. Furthermore, property has large cellar, sala nobile, a chapel and large mature garden complete with a pool and deck area. Must be experienced to be truly appreciated.
